### FEDERAL RETURN OF FUNDS POLICY/INSTITUTIONAL REFUND POLICY/CALIFORNIA REFUND POLICY

The Higher Education Amendments of 1998 require all institutions to use a return of funds policy for all Title IV recipients when they fail to register, withdraw, or are expelled. This return of funds policy is used to determine the amount of Title IV aid that students have earned while in attendance. Funds received, but not earned, as of a student's withdrawal date must be returned. All funds are considered to have been earned upon completion of 60% of the payment period, thus there is no return of funds during the last 40% of the semester.

An Institutional Refund Policy addresses the calculation of the appropriate refund to the student and the amount to be retained by the institution based on the amount of institutional charges that the institution has earned associated with a student's attendance time. The Institutional Refund Policy is used in conjunction with the Federal Return of Funds Policy for Title IV recipients and as a stand-alone policy for non-Title IV recipients.

Golf Academy of America has adopted a Pro-Rata Refund Policy as its institutional refund policy for all students when they fail to register, withdraw, or are expelled. This policy entails calculation of a pro-rata refund during the first 60% of the semester and no refund during the last 40%.

In addition, the state of California requires that GOLF ACADEMY OF AMERICA use a 100% California Pro-Rata Refund Policy. Students who fail to register, withdraw, or are expelled from Golf Academy of America will be entitled to the greater of the institutional and California refund, as well as the return of any and all Title IV Funds received but not earned per the Federal Return of Funds Policy.

The definition and quantification of amount to be returned or refunded under both the return and refund policies is predicated on attendance. Attendance will be based on calendar days in the semester/payment period. A student's last day of attendance will be the official withdrawal date and is the date that will be used in determining the percentage of aid earned while in attendance, as well as the amount of institutional charges earned by the institution.

Detailed information regarding the Federal Return of Funds Policy, the Institutional Refund Policy and the 100% California Pro-Rata Refund Policy is provided in the Academy catalog and administrative office.

#### Sample Refund Calculations:

1. Sue is currently enrolled in the first semester, consisting of 101 days, of the GOLF ACADEMY OF AMERICA associate degree program. After five weeks and three days, Sue notifies the Academy in writing that she is withdrawing as of the following day. She was charged \$4,925 in tuition, a \$175 activity fee, a \$40 computer lab fee and a \$75 administrative fee. Posted to her account were Federal Unsubsidized and Federal Subsidized Stafford Loan Funds totaling \$3,750. She also paid \$1,465. She has not received instruction for 63 (101-38) days or 62.4% of the semester. Her return/refunds would be calculated as follows:

- A. Federal Return of Funds Calculation  
Percentage of Title IV Aid Not Earned =  $63 \text{ days} / 101 \text{ days} = 62.4\%$   
Title IV Aid to be Returned =  $\$3,750 \times 62.4\% = \$2,340$
- B. Institutional Refund Calculation  
Refund to Student of Non-Title IV Monies Paid =  $\$1,465 \times 62.4\% = \$914.16$
- C. California Pro-Rata Refund Calculation  
Refund to Student of Non-Title IV Monies Paid =  $\$1,465 \times 62.4\% = \$914.16$   
Actual Refund to Student =  $\$649.83$

**Actual Return to Lender = \$2,340**  
**Actual Refund to Student = \$914.16**

2. Sue has paid \$4,925 tuition for the semester. She has also paid the \$175 activity fee, \$40 computer lab fee and \$75 administrative fee. Sue has paid for, but not received instruction for 63 (101-38) days or 62.4% of the semester. Her return/refunds would be calculated as follows:

- A. Federal Return of Funds Calculation  
Non-Applicable
- B. Institutional Refund Calculation  
Refund to Student of Monies Paid =  $\$5,215 \times 62.4\% = \$3,254.16$
- C. California Pro-Rata Refund Calculation  
Refund to Student of Monies Paid =  $\$5,215 \times 62.4\% = \$3,254.16$

**Actual Return to Lender = Non-Applicable**  
**Actual Refund to Student = \$3,254.16**

3. Sue withdrew after completing eleven weeks and five days. She paid \$4,925 tuition, \$175 activity fee, \$40 computer lab fee and \$75 administrative fee. Sue has paid for, but not received instruction for 19 (101 - 82) days or 18.8% of the semester. Her return/refund would be calculated as follows:

- A. Federal Return of Funds Calculation  
Non-Applicable  
Actual Return to Lender = Non-Applicable
- B. Institutional Refund Calculation  
Non-Applicable  
Actual Refund to Student = Non-Applicable
- C. California Pro-Rata Refund Calculation  
Refund to Student of Monies Paid =  $\$5,215 \times 18.8\% = \$980.42$

Actual Refund to Student = \$980.42

**Actual Return to Lender = Non-Applicable**  
**Actual Refund to Student = \$980.42**

The Academy refund policy complies with the refund policy established by the State of California. The current refund policy is subject to revision as required by California State Law.
